## Airplane Spotters Use Jail Roof As Observation Post

"Stand By" Organization Completed To Aid Air Force When Needed

We are in a dangerous position. So says the Air Corps in its published "Ground Observer's Guide" for use of local airplane spotters.

Belle Glade is doing something about it.

Six teams, each responsible for four hour watch, have been guaranteed—one each by Rotary, Lions, The Legion, The Elks, The Negro Civic League and Women of the Community.

Mayor Herman Close and the City Commission have offered the roof of the City Jail as an observation post, and have agreed to allow the Air Corps to have an extension telephone for use of the observers.

Clyde Clayton has accepted the appointment as Chief Observer with Lester Clarke and Mrs. Virginia Lively as Assistants to the Chief.

Rikary has appointed Clarence Kiddier as Captain of its watch; Lions have appointed Henry Earwood, this team's captain, and Donald Ayers, the Legion by B. Jones; the ladies by Virginia Lively, and the Negro Civic Club by W. M. Taylor.

Lieutenant Martin R. DeLoe and Sgt. John R. Kennedy of the Miami Field Center have visited the Glades several times in furthering the organization as part of an eight-mile separation between the chains in southeast Florida.

At some future date, probably the 14th of July, the soldiers will visit Belle Glade and hold a school for observers. A picture will be shown of the observers and taken made by the Lieutenant and Sergeant Kennedy.

In its manual, the Air Corps says:

## Softball Games Well Attended

The Soft Ball games are going strong with an exceptionally good attendance. In the Tuesday night game Coastal won from Hawkins 4-6 in a hard fought game. Coach and Stevens were the batteries for Coastal, and Thibault and Bass did the honors for Hawkins.

Bobby Hooker connected for the second home run of the series.

In the second game Dr. Jones team won from Lake Buick 4-2 with Coastal and W. M. Taylor.

Dr. Jones, Richmond and Thompson for Lake Buick.

Both games were full of runs, errors, and laughs.

Standings for the teams after Tuesday night's game were:

Team	Won	Lost
Hawkins	2	1
Dr. Jones	2	1
Coastal Motors	2	1
Glades Cleaners	1	2
Lake Buick	1	2
South Bay	0	2

## LOWER MALLAGE SET BY HOSPITAL BOARD

For the second successive year, a reduction of 25 in the millage has been set by the Board of Health of the City of Belle Glade.

The Board of Health, which held a special meeting Monday, is recommending a millage of 2.25 for the fiscal year beginning October 1, 1952.

Danald Park, Superintendent of Belle Glade Memorial Hospital, reported that the Board had adopted a millage of 2.25, a reduction of .25 from last year, and .50 from the previous year.

## Lions Install New Officers At Dinner Friday Eve

More than 60 Lions and their wives attended the Lions Club annual dinner and installation of officers at the Country Club Friday night.

Outgoing president Herman Close presided over a meeting attended by 60 members.

Paul Peters, George Wedgworth and Clarence Ayers entered into their heeling work with wit and laughter.

Mrs. Virginia Lively as Assistant to the Chief.

Rikary has appointed Clarence Kiddier as Captain of its watch; Lions have appointed Henry Earwood, this team's captain, and Donald Ayers, the Legion by B. Jones; the ladies by Virginia Lively, and the Negro Civic Club by W. M. Taylor.

## June Sales Top In Market History

The cattle market wound up the month of June with Monday's sale of 793 cattle, fetching \$81,652.26. Total sales for the whole month, which has been the biggest in the history of the market so far, were \$475,090, George Young, manager, says.

"There appears to be no limit to the number of cattle which can be sold in this area. The price of fat cattle makes our stocker buyers cautious in bidding but they all seem to have grass going to waste."

Prices at Monday market were as follows:

## New Generator Will Increase Area's Power

Ground-breaking Ceremonies At Riviera Beach Draw Huge Crowd

More than twice as much power for this area was the promise of Florida Power and Light officials at the ground-breaking ceremonies at Riviera Beach last Monday, where many elegant and unaccustomed feet

trod on shovels to break first ground for the new 75,000 kilowatt generator to be installed at the FPL plant there.

City managers, mayors, and other public officials from the East Coast and the Glades area were present for the event, which included an inspection of the Riviera plant, addresses by various speakers, hillbilly music, and a barbecue.

In a brief speech following the tour, Mr. Robert A. P. Fite, Vice President and General Manager of Florida Power, said:

"Today with the plant just getting good and dry, this commitment to make certain the power in service only a few short years ago, is being rededicated to the future."

Mr. Fite said the new 75,000 kilowatt is more powerful than any generator in the world.

Scheduled for operation late next year, it will make the plant more powerful than any generator in the world.

Perfect scores on certificates for the first two weeks were awarded to Walter Leathlean, Tuxley and John Willis, Roger Walker and David White of South Bay, Patsy Folsom, Sandra Willis, John Willis, Gary Robinson, Frances and Nancy Layfield of Lake Harbor.

**NEWS OF GLADES BOYS**

(Continued from Page One) more effective than that of the "gooks." Don't worry about me. We have bunkers and emplacements to crawl in if the shells start falling where I'll be safe as I feel were home.

You asked about the country. It's hilly, mighty hilly, and pretty trees are few and far between. The dirt is reddish-brown. The soil at Bob's place. The people are very unsanitary over here. The whole country upon first arrival gives the impression of an outhouse.

There seems to be a characteristic smell in Japan and Korea. Maybe it's the soil and vegetation. Trees here don't spread out as at home, but grow tall and slender. It's very dry here now and the water problem is getting serious. The gooks say the year will be a dry one — we've had only one good rain since we were here with roads are so dry and the dirt is fine as face powder and does the dust fly? I don't worry about me, as long as an hour after a bath, we have outdoor showers here using water pumped from a creek. Have three hot meals a day, all the candy and cigarettes we can use free, and a movie every other night.

We can get any number of broadening stories in Japan with American programs, hill-billy and popular music, etc. In fact, I'm going for missing home, and my wife, I never had it so good.

We have a chaplain who does everything from holding Sunday services to umpiring our softball games.

Mom, there is nothing I need over here at all unless you could pack a mirror (4 to 6 inches square is big enough) and send it without it breaking. That's the way you can see home. Also ask Ralph if he has any more of those spice cookies in cans — used to eat 'em at an A.C. I believe you remember those I was so crazy about? I sure would like to get some of those again.

Don't try to send any pack-

age over 2 lbs. air mail. They won't send 'em over. All over 2 lbs. has to be sent parcel post. Well, I'll close now, Mom, so 'til later on, Bye.

Your loving son,  
Frank.

Lieut. V. R. "Bob" Beardsley is expected home on terminal leave from active duty on the front lines in Korea where he has been for the last nine months, according to word received by his wife Mrs. Norma Jean Beardsley of Bean City and West Palm Beach.

**LUTZ PHARMACY CLOSES TO REOPEN SEPT. 1 IN NEW LOCATION**

Lutz's Pharmacy at 136 NW Avenue A was open on Sunday, June 29, for the last time in its location. Across the street, a glass-fronted concrete and brick building replaces the old structure where Lutz has done business for many years. The new building, a beautiful addition to one of Belle Glade's main thoroughfares, is expected to be open and ready for business by September 1.
